

CHES 2007

Vienna, Austria

September 10 - 13

CHES 2007

- 9th CHES Workshop
- 104 submissions, 32 accepted
- Program Chairs
 - **Pascal Paillier**
 - **Ingrid Verbauwhede**
- General Chair
 - **Elisabeth Oswald**

Selected Sessions

- Efficient algorithms for embedded processors
- Security issues for RF and RFID
- Special purpose hardware for cryptanalysis
- Collision attacks and fault analysis
- Random number and device identification
- Logic styles: masking and routing
- Lightweight devices
